- Oct. 2, 6 days off

Math

Next Monday and Tuesday, we will review chapter 1 in Math. On Wednesday, we will start a new chapter in Math. Students will learn how to use matching and counting strategies to compare sets with the same number of objects.

Be Creative :)

Science

The students will continue learning about observing, comparing, sorting, and measuring. They will practice these skills through hands-on activities.

Social Studies

We will be reviewing the purpose of safety signs and consequences for disobeying them, as well as focusing on understanding the responsibilities of citizens.
