

KG2A Newsletter

Thursday 8th of Sep.

Language Arts

This week, we have started our jolly phonics program. We took (s, a) sound. Now students are able to recognize both sounds, write them using the right formation and giving words starting with these sounds.

Also, we have started our first topic (Myself). This week, we have been working on (my body). Now, students are able to name their different body parts and they also know what they are for.

Students were introduced to the first sight word (I). They have attempted their first writing trials by writing (I am ...) in their writing journals :)

Math

- Model and count 1 and 2
- Model and count 3 and 4
- Model and count up to 5

Science

- I identify and describe the five senses. Use the five senses to observe and learn about the world. I identify the sensory organ associated with each sense. Observe many properties of one thing.

Be Creative :)

Heads up

- Sept. 18 Pre-k and KGI 1st orientation day
- Sept. 19 Pre-k and KGI half day
- Sept. 20 1st full day of Pre-k and KGI
- Sept. 29 half for students, PD afternoon

Social Studies

- I identify the purpose for having rules. Recognize consequences of breaking rules. List classroom and school rules. Explain how rules help people get along with each other and stay safe.
-
